# DIVYESH SANDEEP KAMBLE

Thane, Maharashtra | +91 9821744707 | divyeshkamble90@gmail.com | LinkedIn | GitHub | Portfolio

## PROFESSIONAL SUMMARY

Data Analyst with a B.E. in Artificial Intelligence & Machine Learning who turns raw data into clear, decision-ready insights using SQL, Python, Excel, Power BI (DAX) and Tableau. Hands-on experience across an analytics internship, a Deloitte job simulation and dashboard projects covering 60K+ records, from data cleaning and star-schema modeling to KPI reporting and interactive dashboards.

## TECHNICAL SKILLS

**Languages & Querying:** SQL, Python, DAX

**Analytics & BI Tools:** Power BI, Tableau, Excel

**Data Analysis:** Data Cleaning, Data Transformation, Data Validation, Data Aggregation, Exploratory Data Analysis, Statistical Analysis, Trend & Pattern Analysis

**Reporting & Modeling:** KPI Reporting, Dashboard Design, Data Modeling (Star Schema), Data Visualization

## WORK EXPERIENCE

**Data Analyst & Data Science Intern | Imarticus Learning, Thane** Jul 2026 – Sep 2026

- Prepared, cleaned, transformed and analyzed datasets using Python, SQL and Excel for analytics and reporting.
- Applied data validation, aggregation and modeling techniques to structure datasets for analysis and visualization.
- Built Power BI and Tableau dashboards to communicate KPIs, trends, patterns and analytical findings.
- Supported reporting requirements and translated analytical outputs into clear business insights.
- **Tools used:** Python, SQL, Excel, Power BI, Tableau

## PROJECTS

**Smart Road Safety Intelligence Dashboard | Power BI, DAX, Data Modeling**

- Built a 5-page interactive Power BI dashboard analyzing 52K road accidents and 70K casualties (2018) for black spot detection, risk factor analysis and safety recommendations.
- Designed a star-schema data model (Fact_Accidents, Dim_Casualties, Dim_Vehicles) and created DAX measures for KPIs such as average casualties per accident (1.34) and fatal accident rate (1.24%).
- Developed 15+ visuals (donut, treemap, matrix, scatter, stacked area, map) with date-range slicers, drill-down/drill-up and page navigation across Overview, Analysis, Interactive and Insights pages.
- Analyzed severity against weather, light conditions, road surface, road class, junction type, speed limit and casualty age; found that ~86% of accidents were slight, and ~71% occurred on dry roads, mostly in clear weather on single carriageways and at T-junctions.

**Cafe Sales Analysis Dashboard | Python, SQL, Power BI**

- Cleaned the sales dataset using Python and wrote SQL queries to analyze 10K transactions across 8 menu items, then built an interactive Power BI dashboard tracking KPIs: total revenue (₹84.76K), 29K units sold and average order value (₹8.48).
- Created monthly revenue and quantity trends, item-wise revenue, payment-method split and in-store vs takeaway revenue views, with month and item slicers for interactive filtering.
- Identified Salad, Sandwich and Smoothie as top revenue drivers and Juice, Coffee and Cake as top-selling products by quantity (3.3K+ units each).
- Found monthly revenue stayed in a narrow ₹6.3K–₹7.1K band, with payments split almost evenly across digital wallet, credit card and cash.

**Football Match Analytics Dashboard | SQL, Data Visualization**

- Analyzed historical match data using SQL to identify scoring patterns, team performance and match trends.
- Performed data cleaning, transformation, aggregation and analysis to support reporting.
- Created visualizations for team statistics, win/draw/loss trends and key performance metrics.

## VIRTUAL EXPERIENCE

**Data Analyst Job Simulation | Deloitte Australia (Virtual Experience)** Dec 2025 – Sep 2026

- Analyzed datasets to identify trends, patterns and business insights for data-driven decision-making.
- Created interactive Tableau dashboards and performed Excel-based analysis and reporting.
- **Tools used:** Tableau, Excel

## EDUCATION

**B.E. in Artificial Intelligence & Machine Learning – University of Mumbai, Mumbai** Oct 2022 – May 2026

**HSC (Science) – Satish Pradhan Dnyansadhana Junior College, Thane** Aug 2020 – Jul 2022
